

Jersey Textile Showcase 2010

A Rag Rug is for life.....Rag Rugging with Pam Kubas

Due to the tremendous success of her 2009 workshops and as Rag Rugs are now so fashionable, we have invited Pam Kubas to take further sessions of her Rag Rug workshops for 2010.

Students will design, choose from colourful fabrics, prepare them and start to make a shaggy rag rug or wall hanging, using a rigger.

During the workshop Pam will demonstrate the the hooked method which will make a more defined picture. Both methods can be incorporated into the same rug if desired.

During the workshop Pam will also be showing you the braiding method.

Samples will be provided.

The rag rigger and hessian will be provided as will the materials BUT if you have a particular colour scheme you may wish to bring some of your own fabrics to fit in with these colours.
